

It was then back to Canada Bay and, because of results earlier in the day, the boys had now locked away a top four spot which was a fantastic achievement so early in the season and a great turnaround from it being far from anyone's thoughts 8 weeks prior.

Undermanned and with game day injuries to key players, the boys jumped to a substantial lead and then locked down the game in a very pleasing manner. This really felt like a group/ team win and it was a great team feeling.

Game 12 was a big win against Forest Lions who has improved throughout the season and then Game 13 was also another impressive win against a much improve Northern lights team in the wind down at Gwawley park.

In the final game against Heathcote a win guaranteed the minor premiers if west simultaneously lost and a top two Major Semi appearance was guaranteed with a win or either Maroubra or west losing.

After an early jump out with 6 goals to start the game. The team held a 4/5 goal margin to qualify for the major Semi final and the double chance with a very impressive 11 wins in a row to finish the season.

In the sheds immediately after the game, it was announced West had drawn with Pennant Hills sending the boys catapulting over them in the minor Premiership.

Woohoo!
